FOR IMMEDIATE RELEASE

Vein Specialists and Vascular Diagnostics receives Vascular Testing accreditation by the Intersocietal Accreditation Commission (IAC)

FORT MYERS and BONITA SPRINGS, Fla. (Nov. 2014) - Vein Specialists and Vascular Diagnostics is pleased to announce that they have been granted a three-year term of accreditation in Vascular Testing in the areas of Peripheral Venous Testing by IAC. Accreditation by the IAC means that Vein Specialists and Vascular Diagnostics has undergone a thorough review of its operational and technical components by a panel of experts. The IAC grants accreditation only to those facilities that are found to be providing quality ultrasound patient care, in compliance with national standards through a comprehensive application process including detailed case study review.

Commenting on the recent achievement as a full vascular testing facility, Magnant states that the credential from IAC is an important addition to his practice. The accreditation is a demonstration of the commitment, expertise and dedication of the vascular technologists, JT Jarrard, RVT and Bridgete Cobb at Vascular Diagnostics, the noninvasive laboratory division of Vein Specialists. IAC accreditation of Vascular Diagnostics in peripheral venous testing further secures Vein Specialists I can also come at night so that Dr Magnant can get any questions or concerns answered as well.

Dr. Magnant is the owner of Vein Specialists a practice dedicated 100% to the evaluation and minimally invasive care of patients with varicose veins and other presentations of venous disease. Vascular Diagnostics is the noninvasive laboratory component of his practice and provides the full spectrum of noninvasive peripheral arterial and venous testing in a cost efficient outpatient setting with offices in Fort Myers and Bonita Springs. The Fort Myers office is located at 1510 Royal Palm Square Blvd., Suite 101 and the Bonita Springs office is located at 3359 Woods Edge Cir., Suite 102. Both offices can be reached at (239) 694-8346. Visit the practice's

websites, www.vasculariagnostics.net, www.weknowveins.com and www.eveinscreening.com for more information.
