

Dr. Magnant recommends you consider the following products prior to your upcoming procedure.

**Anxious?** Take the **worry** out of your vein treatments with

Relaxing Gas

**\$99.00**

"I had my first leg done years ago elsewhere and was afraid to have the second one done. Dr. Magnant and ProNox made a world of difference this time around; both reduced my anxiety and the procedure was over in no time." Karen T.

"The way I looked at the option of ProNox was like flying Coach vs. First Class. I figured my comfort was worth the nominal charge to upgrade to ProNox. Although the needles were tiny and the procedure was not painful, I was really glad I chose ProNox because I was able to relax better and wasn't bothered at all by the procedure ." Jill L.

**Bruise easily?**

**Surgical Grade Homeopathic tablets that really work! Taken as directed to reduce bruising & swelling!**

**3 vials for \$21.00**
